Preface

Revision History

Revision	Description	Date
v1.0	Release 2022.1.0 FP2 Appviewx Security Advisory	December, 2022

About this Guide

The document contains the Appviewx security advisory and enhancements.

Audience

The document is intended for the internal users and the customers of AppViewX.

Text Conventions

The following text conventions are used in this document:

Convention	Description
boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text or the glossary.
<i>italic</i>	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
<code>codeblock</code>	Indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

Chapter 1: AppViewX Security Advisory

Advisory

AppViewX has identified a few high and medium level vulnerabilities, which are addressed holistically across the product. A high level overview of these fixes are provided in this document. If a summary of the internal pentest document is required, please reach out to security@appviewx.com or Helpdesk.

Risk Matrix

CVSS 3.0 Base Score 5.0 - 7.5

Product Version	Patch availability
AppViewX 22.1 FP2	Available

Vulnerabilities Addressed and Controls Implemented

Scope	Controls Implemented	Vulnerabilities addressed
API	Invalid Input Validation / Sanitizing the user inputs	Dynamic Code Evaluation Formula Injection

Chapter 2: More Information

For the latest, most complete information about known and fixed issues with the AppViewX modules, see the latest revision of the release notes.

To access Software Release Notifications for AppViewX Releases, visit our Help center at <https://help.appviewx.com/home>. You need to log in to your AppViewX account. From the Help center, search by the specific release number or navigate to Release Portal and choose the release, for example, v20.3.0.

Documentation Feedback

We request you to provide feedback, comments, and suggestions so that we can improve the documentation. You can send your comments to tech-documentation@appviewx.com

If you are preferred to send feedback through e-mail, be sure to include the following information with your comments:

- Document or topic name
- URL or page number
- Software release version (if applicable).

Requesting Technical Support

Technical product support is available through AppViewX help support center, request to send an email to help@appviewx.com

Self-Help Online Tools and Resources

For quick and easy problem resolution, AppViewX is designed an online self-service portal called the help support center that provides you with the following features:

- Find help support center: <https://help.appviewx.com/home>
- Find product technical documentation: <https://help.appviewx.com/documentation>
- Find solutions and answer questions using our Knowledge Base: <https://internalkb.appviewx.com/knowledge-base>
- Download the latest versions of software: <https://release.appviewx.com>
